

# KRATOS INDUSTRIES

## QUALITY POLICY

It is the established policy of Kratos Industries to provide high quality products and services on time, which consistently meet or exceed the needs and expectations of our customers while also maintaining compliance with applicable regulatory and statutory requirements.

We persistently strive for continuous improvement, total customer satisfaction, and unsurpassed customer service through communication and responsiveness.

The objectives of this policy and the effectiveness of the Quality Management System (QMS) are achieved and improved through:

- Implementation of documented processes and procedures
- Meeting or exceeding defined quality objective goals
- Corrective actions and continual improvement of the QMS
- Training, development and empowerment of our people

The Quality Policy and objectives are established, implemented and maintained, while communicated to the organization and relevant interested parties by Kratos Industries executive management.
